

Beautifully finished, our Inspire range of heaters are the highest quality on the market and are available in a number of finishes ranging from white panels to picture and glass panels. Manufactured to the highest standards in Germany, they are designed and built to last a lifetime and come complete with a 10 year warranty.

**INSPIRE COMFORT** heaters operate at a fraction of the cost of traditional heating but offer higher thermal comfort levels.

**INSPIRE COMFORT** heaters are a great space-saving solution designed to complement any environment and are suitable for both domestic and commercial installations.

The Inspire panels are specifically designed to be maintenance free and to last for many years. For this reason, and to enable accurate temperature control and efficiency, the panels do not have any in-built controls and must be used in conjunction with the Herschel MD2 thermostat or equivalent.

TECHNICAL DETAILS

**SURFACE:** Aluminum, powder coated  
**COLOUR:** White  
**REAR PANEL:** Sheet steel, mounting points  
**FRAME:** Frameless  
**SURFACE TEMPERATURE:** Approx. 185°F - 203°F  
**VOLTAGE:** 120V / 240V 60Hz  
**PROTECTION CLASS:** Indoor use only  
**INSTALLATION:** IP54 (indoor use only)

**CERTIFICATES:**

**WARRANTY:** 10 years  
 (Refer to the warranty policy on Herschel-infrared.com for more detail including exclusions)

AVAILABLE MODELS

Model	Part No.	Dimensions	Weight	Rated Power	Voltage	Heated Area
INSPIRE COMFORT	IC-400-120	24 x 24 in	15lbs	400W	120V	65-85ft <sup>2</sup>
	IC-400-240	24 x 24 in	15lbs	400W	240V	65-85ft <sup>2</sup>
	IC-750-120	24 x 48 in	24lbs	750W	120V	118-194ft <sup>2</sup>

	IC-1050-120	24 x 60 in	35lbs	1050W	120V	160-226ft <sup>2</sup>
	IC-1050-240	24 x 60 in	35lbs	1050W	240V	160-226ft <sup>2</sup>

The heated areas are an indicative guide only. The actual heated area will depend on the heat loss of the room which is influenced by many factors including construction type, external walls, window area and insulation levels. Always use the Herschel online calculator or contact Herschel for an accurate specification.

The Inspire panel comes with two mounting brackets. When installed, the front of the panel will extend a total of 2" from the wall. The panel will radiate heat into the room and will perform best when mounted in a position free of any direct obstructions such as a sofa. The panel will need to be wired into the mains and this should be carried out by a suitably qualified electrician. Refer to installation instructions for full details.

**6 REASONS WHY**

- ✓ 100% natural
- ✓ Heats objects, not the air
- ✓ Less damp and mould
- ✓ Reduced energy use
- ✓ Maintenance free
- ✓ CO2 free when used with renewable energy
